Driver Fined \$39

Omar M. Keith, 2139 Benton street, was fined \$25 plus \$3 costs and \$9.80 sheriff's fee Friday by Magistrate Merle Hicott on a careless driving charge. He was arrested March 11 at 1621 Edison avenue.

Two Charges Fined

Arrested at 21st and Benton streets at 4:45 a.m. Sunday, Paul A. Helvey, 22, of 2134 Benton was charged with a stop sign violation and driving without taillights.

Madison Tavern Hours to Remain

In the wake of his latest election victory, Mayor Stephen Maeras reiterated at a recessed Madison city council meeting Friday night that "I'm not concerned at all about the tavern hours." Opposing candidates had urged that tavern hours be made uniform with the remainder of Madison county.

"The hours to me are a minor issue. Any time the people want to change them, it will be a major issue and we'll sit down and talk to them. Hours are done, it (the referendum) will be approved."

He referred to the ordinance committee and attorneys a proposal to reduce the limit on liquor licenses. The limit is 50 now, including 45 Class A and five Class B, but only 38 taverns are in operation, it was noted. The mayor urged reducing the number of authorized taverns "as they eliminate each other" through terminating their business. He commented that transfers of liquor licenses often have the effect of continuing the use of dilapidated buildings that otherwise would be removed or retooled.

Tomorrow's scheduled meeting was canceled, with plans made to begin the every-other-week rotation for 1965-66 on May 4. The old council adjourned and new council terms were started. The mayor invited to witness a street sweeper demonstration today.

Mayor Maeras presented an election statement and Third Ward Alderman Raymond Kozielek said Kozielek had campaigned on issues rather than personalities. He pledged to do all in his power to continue effective council service. First Ward Alderman Donald Reeves said he supports the mayor's statement.

The mayor stressed that while there is a political organization in Madison, it is not a "one-man organization." The mayor and council remained after the meeting to discuss Press-Record policies with a newsmen.

Leaves Crash Scene

An auto left the scene after running a red light at 20th street and Madison avenue and being struck on the right side by the car of Eugene Jukel, 4141 Highway 111, at 9:30 p.m. Friday.

Local Steel Talks

Officials of the District Steelworkers office and Granite City Steel Co. remained much today on progress in contract negotiations on local issues. Neither side would comment on the national talks in Pittsburgh.

Parked Car Damaged

While the auto of Raymond Jime, 2228 State street, was parked at 19th and State streets at 11:20 p.m. Friday, it was damaged by a car driven by John Marinley, Route One, Alhambra.

Traffic Charges

Johnny L. Clatts, 19, of 2209 Rock road was booked by Granite City police at 2:30 p.m. Friday on a stop sign violation warrant and at 12:30 a.m. Saturday on a speeding charge.

Stricter Levee

(Continued from Page 1.)

St. Louis, said the hillside drainage project is the most critical problem now confronting the entire area.

Partney, who had been invited by the commission to speak for the levee district, took the opposite stand. He said that "we favor referendums. We have been turned down on some and we have passed others. If we feel it is something that is needed and the people feel it should be done, it (the referendum) will be approved."

Kelly Named Personnel Manager of Smith Plant

Paul H. Kelly, who from 1958 to 1962 was supervisor of training, safety and labor relations at the Granite City plant of the A. O. Smith Corp., has been appointed plant personnel manager.

Kelly, 44, succeeds Anthony P. Towle, who recently was appointed A. O. Smith's assistant director of corporate labor relations with headquarters in Milwaukee, Wis. As the new Granite City plant personnel manager, Kelly will be in charge of all industrial relations functions.

Before returning to Granite City in his new post, Kelly from January 1962 was personnel manager for Glascote Products, Inc., an A. O. Smith subsidiary in Cleveland, O. He joined A. O. Smith in June 1951.

A native of Brookfield, Mo., he resides with his wife, June, at 2265 Birchview drive, Florissant, Mo. The couple has a married daughter, Mrs. Judith H. Koup of Milwaukee, Wis. Kelly's father, Mrs. Bertha Kelly, resides in St. Petersburg, Fla.

Zoning Hearing For John Deere Equipment Bldg.

A Madison county zoning board of appeals hearing on May 7 will consider a B-3 highway business district classification for the 320,000 square foot John Deere equipment building at the intersection of Bypass 66 at Mitchell, a quarter mile west of Route 111.

The site in the 1000 block of East Chain of Rocks road will be for a John Deere Co. equipment sales and service building. It presently is zoned B-2 for general business.

No further hearing is required for the 320,000 square foot Metro mart department store which is to be located on the corner of Chain of Rocks and Bypass 66 intersection. It originally was reported the hearing on May 7 was for Metro mart.

Oscar W. Winchell, St. Louis, who is developing the expansive Metromart, reportedly to be the largest store in the area, said construction is to start about June 1, and all of the main departments within the store already have been leased. "It was zoned for the store before we began our plans," he added.

The tract for the John Deere sales and service structure is owned by John and Charles L. and the purchaser is to be Lindberg Investment Co.

OPPOSES SALARY BILL

Henne said the taxpayers' association would support legislation for dissolution of the levee district with assignment of its duties to other taxing agencies, but will oppose any bill permitting a requirement for mailed notices to all taxpayers of intent to issue revenue bonds, and with suggested salaries of \$3000 a year for board members and \$8000 a year for the president.

Henne said the association would support legislation eliminating a requirement for mailed notices to all taxpayers of intent to issue revenue bonds, and with suggested salaries of \$3000 a year for board members and \$8000 a year for the president.

In response to a question by Graham, Partney said the Quad-City area "would like very much" division of voting, with only the Madison County area passing one of the five members on the board. "Until later," he pointed out, "we didn't have any representation at all."

Not a Fair Return

Partney said that he didn't believe a levee district could pass any kind of a bond issue in the Madison county area, and that he believed a separation of the levee district from the hillside drainage project would be better, with the Madison county area handling its own financing.

The mayor-elect told the commission that the Quad-City area pays considerable money for the levee district and "we don't feel that we have had a fair return."

He said the levee district is the City and the townships of Nameki, Venice and Chouteau showing a comparison of rates levied by local agencies with that of the levee district. He noted that the levee rate is over half that of the city of Granite City.

Zagone asked Partney if the levee district would turn down approval of a bond issue for its share of a hillside drainage project. "I don't know," he said, "but I would like to see the levee district in favor of lifting the referendum requirement."

Partney Would Not

"You mean even though you think the project is necessary you wouldn't take off the referendum?" Zagone asked. "Not if the people had voted it down," Partney replied.

Mayors Fall to Answer

Mayors Stephen Maeras of Madison and Dr. John E. Lee of Venice had been invited to attend the session to testify, but neither appeared. Sen. Graham read into the record the notation that neither mayor responded to the invitation.

William F. Winter, associate editor of the Press-Record, and William Royle, editor of the Metro-East Journal of East St. Louis, were called as witnesses to testify as to public opinion concerning the levee district.

They said the levee board image is poor due to disregard of economy and sound procedures — and to suggest possible revisions or removal of legislation. Zagone questioned Winter at length on an editorial concerning the commission's approach at the earlier hearing.

Both editors suggested legislative measures, including required bidding for all bond issues, division of voting and retention of the referendum requirement. Royle proposed outside audits by nationally accredited firms.

Poor Ditch Maintenance

Frank Tojo, 7800 Caseyville road, a farmer who owns land adjoining the levee district's Harding ditch levee, testified that he has spent several thousand dollars building a levee of his own to protect his farmland. He said he believed the levee district "derelict" in its duty of properly maintaining the Harding ditch levee.

Henne and Winter pointed to the recent bond issue ordinance and the proposed sale of bonds as an example of levee district policies that cost taxpayers large sums of money. They cited previous examples of bond sales and the methods by which they were handled.

Henne detailed for the commission the facts surrounding a political fight between two factions of the levee district in 1963, which resulted in employment of two sets of levee district attorneys and eventual payment of all them.

High Speed Chase Ends Across Ditch

A high-speed chase by police early Friday resulted in fines and costs totaling \$200 against Russell Mahoney, 20, of 712 Old Alton road, who pleaded guilty to seven traffic charges before Magistrate Melvin Hinch.

The chase ended when Mahoney lost control of his car at 4:15 a.m. on the Namoki road curve near Pontoon road while going about 75 miles per hour and jumped across the ditch. Mahoney complained of pains.

He was taken to St. Elizabeth Hospital for treatment. Mahoney and a passenger, Melvin D. Berry, 17, of 2813 East 24th street, both were charged with illegal possession of liquor (beer), and Judge Hinch set \$100 cash bail pending further hearings.

Mahoney told the judge he had no way of getting the money for his release and he was returned to jail. If the traffic fines remain unpaid, he will spend 40 days in jail, at the rate of \$5 per day.

When the judge asked him where he purchased the beer and where the money came from, he said he borrowed cash from friends and bought the beer at a tavern near Edwardsville. He did not recall which one.

He was charged with driving 75 miles per hour at 2800 Madison avenue, failure to heed a red light at Madison avenue and Namoki road, making a left turn there, disobeying the traffic light and running stop signs on Namoki at Johnson road and at Pontoon road.

The fines were reckless driving, \$30 plus \$5; speeding, \$10 plus \$5; and the others were \$15 plus \$5 costs. Mahoney is unemployed.

Fine Forfeiture to Mark Library Week Observance

The Venice public library, following a practice of past years, will forfeit all fines on overdue library books this week as a special feature of its observance of National Library Week. Other events also are planned, as they are in Granite City and Madison to call attention to services offered by the area's library facilities.

Mrs. Adress Brown, Venice librarian, said all books on which fines are due may be returned without charge during the week. She said invitations have been sent to parents of Venice children to visit the library at 325 Broadway to inspect an array of new books that are being placed in circulation this week. Tours by school classes for inspection of library facilities and demonstration of library procedure also have been arranged. Signs denoting library week and its purpose will be posted inside the library.

Madison City Librarian Mrs. Dennis Revelle said the library there also is placing a number of new books on the shelves this week and that tours by school classes will be one of the feature events of the week. Teachers have been invited to bring their classes to the library at any time during regular hours of the week and urging more widespread use of library facilities.

Granite City also is arranging library tours of the library as a feature of the week's program, and plans to have a number of new books on display. Library procedure will be demonstrated to school classes throughout the week and the use to which facilities may be put will be explained. Pupils from the grade schools will be permitted to browse around the library and will be given treats and souvenirs.

Village Election To Be Contested By Two Trustees

A misleading last-minute circular was used by the administration of Pontoon Beach, President Stalcoff, Harold McBride and Chester Dean, defeated village trustees, today in announcing that they will contest the April 20 election.

They also said that an altered news article was used by their opponents, that a Nameki township relief investigator hauled aid recipients to vote and that a precinct committeeman from outside the village spent the day in front of the polling place.

Issuing a joint statement with Otto Krieger, who was re-elected, McBride and Dean said their opponents' circulars stated so that "we could not reply to the false figures."

They did not explain that 23 cents is the maximum rate the law allows for the corporate tax to be levied by the village. They said that the first tax rate levied and to be collected is 26.7 cents. This is verified from the county clerk's office and is in line with the village clerk for inspection.

This means you will pay \$26.7 per \$100 assessed valuation. For a \$60 tax, valuation would have to be \$22,000 and there isn't a house in the village with an assessed valuation this high. There is a difference between the actual value and the assessed valuation of property for taxing purposes.

"We feel that the president should make a public statement explaining the tax structure as it is actually figured and not use false figures."

"We feel that he should explain why he did not grant the residents an opportunity to ask questions and determine what was allowed to speak; the trustees only vote on matters presented to the governmental functions."

Budget Preparation
Mr. McBride and members of the finance committee tried a number of times to induce the people of the village to prepare the budget, but he at 9-45 p.m. Friday to the YMCA, ways had some excuse as to why they had not. He put the blame on the budget was completed and approved at the meeting, the residents prepared to budget of his own or an ironic basis without the knowledge of the members of the board and without allowing time for them to study the structure of his budget.

"We feel that the budget that was passed by the board was not economical and our annual report will verify our record as being interested in the taxpayers' welfare. Every effort was made to hold down expenditures. We wish to make the point clear that a budget of so much money does not mean that this amount had to be spent."

"We ask all the people to check the annual report for the fiscal year of 1964-65 when it is published in the near future and to determine who has told the truth."

Fighting in Viet Nam Outlined to Optimists

Official slides of U. S. military operations in the Saigon and Viet Nam areas were shown to members of the Granite City Optimist Club Thursday afternoon by Lt. Dennis A. Clark of the Granite City Army Depot. Twenty-five attended the luncheon held in the YMCA.

Lt. Clark, who served in Viet Nam last year, explained the type of warfare and equipment being used. He stressed that the annual training calls for special training. He was introduced by Arthur Roseman, program chairman.

President Robert Brave presided and welcomed three additional guests. Attorney Philip Thies, Al Woods of the Nestle Co. and Otto Krieger, who was re-elected, McBride and Dean said their opponents' circulars stated so that "we could not reply to the false figures."

They did not explain that 23 cents is the maximum rate the law allows for the corporate tax to be levied by the village. They said that the first tax rate levied and to be collected is 26.7 cents. This is verified from the county clerk's office and is in line with the village clerk for inspection.

This means you will pay \$26.7 per \$100 assessed valuation. For a \$60 tax, valuation would have to be \$22,000 and there isn't a house in the village with an assessed valuation this high. There is a difference between the actual value and the assessed valuation of property for taxing purposes.

"We feel that the president should make a public statement explaining the tax structure as it is actually figured and not use false figures."

"We feel that he should explain why he did not grant the residents an opportunity to ask questions and determine what was allowed to speak; the trustees only vote on matters presented to the governmental functions."

Budget Preparation
Mr. McBride and members of the finance committee tried a number of times to induce the people of the village to prepare the budget, but he at 9-45 p.m. Friday to the YMCA, ways had some excuse as to why they had not. He put the blame on the budget was completed and approved at the meeting, the residents prepared to budget of his own or an ironic basis without the knowledge of the members of the board and without allowing time for them to study the structure of his budget.

"We feel that the budget that was passed by the board was not economical and our annual report will verify our record as being interested in the taxpayers' welfare. Every effort was made to hold down expenditures. We wish to make the point clear that a budget of so much money does not mean that this amount had to be spent."

Malottki Lifts Netters to Win

Sophomore Bob Malottki came through under pressure to give the Granite City high school tennis squad a 3-2 victory over Edwardsville Thursday at Wilson Park.

With the other four matches completed, Malottki had lost the first set 7-5 to the Tigers' Terry Andelson in No. 2 singles. He fell behind 4-1 in the second set but rallied to win 6-4 and then triumphed 6-3 in the third set.

The victory evened the Warriors' record at four wins, four losses.

The Roxana Shells swept all five matches from the Madison Trojans Thursday. The host team won every set.

Warriors Post Six Baseball Wins; 'Second Unit' Raps 29 Hits in DH

Six straight victories last week lifted the Granite City Warriors near the top in the Southwest Conference baseball standings and brought a sunny smile to the face of coach Joe Fedora.

The Warriors started the streak with two conference wins—5-2 over Edwardsville Thursday and 4-0 over Wood River Friday. On Saturday they swept doubleheaders with St. Louis U. high (7-1 and 9-0) and Waterloo (8-2 and 10-0).

So Fedora's countenance owed to five innings by the 10-paled by many rain-outs, some forfeitures and an annoying lack of batting punch — is happily healthful once more. He reported a lift of spirits in the players, notably those on the "second unit" which hammered out 29 hits in the two Waterloo games.

Third baseman Larry Ripka spearheaded the sweep at Waterloo by hitting a triple and six straight singles before striking out in his last attempt. His seven hits drove in five runs and he earned him a shot at a first string job.

"He's one of those boys we haven't been able to get a good look at, due to all the rain," Fedora said. "We'll give him a chance in the outfield, which hasn't been producing much hitting."

Patton Still hit first string job at third base because that's the possession of the Warriors' hottest hitter. Greg Patton continued his good stickwork with two hits against Edwardsville, three against Wood River and three in three times against St. Louis U. high.

Doug Winfield, undefeated in four decisions, and mop-up man Jim Rains limited the Junior B's to six hits in the opener here Saturday. Catcher Joe Hausman backed Patton's performance with two hits and two runs-batted-in.

Bill O'Neill and Tom Stitch combined for the second game victory, blanking SLU on five hits. The Warriors managed only two safeties off Ron Nayvati, scoring all three runs in the fifth on Steve Fraley's single and three errors.

The other GCHS hit was a single by first sacker Chuck Mizerski in the second inning. Meanwhile at Waterloo, Bill Evans pitched a five-hitter and the Warriors claimed 16 hits in the opening 8-2 triumph. Rick Turpenoff stymied Waterloo on two hits in the nightcap, short-

IHSA Announces District States

Granite City and Madison will be among 27 schools in the May 7 district track meet at Alton, the Illinois High School Association announced today.

Among the entries will be three outstanding teams — East St. Louis, Lincoln and East St. Louis and defending state champion Alton. A total of 555 schools will participate in the 16 districts, as individual athletes strive to qualify for the state finals at Champaign.

In other assignments, Granite City will compete in the tennis (first Friday and Saturday at Alton) and in the golf district (May 7 hosted by Wood River). Belleville joins as the favorite in both tournaments, to be held at Rock Springs Park in Alton.

There are 153 tennis teams entered in 14 districts and 257 volleyball squads in 15 districts.

Two More Triumphs For Coolidge Team

Coolidge's tennis team won a pair of 5-0 tennis decisions, defeating Edwardsville Thursday and Roxana Friday. The local high school squad has a 3-0 record.

The Braves, coached by Bob Moske, didn't lose a single set in the two matches. John VanBuskirk, Norman Popmarkoff and Mehl played singles and Bill Harrison, Hultner and Herman Schermer-Curtis Green were the doubles teams.

VanBuskirk whipped Roxana's Roger Meyers 6-0, 6-0 and Edwardsville's Brad Wofford 6-2, 6-0 in No. 1 singles.

Exhibitions were won both days in doubles by Bob Green-Keith Nagy and Mike Loftus-John Worthen. The Warriors won a singles exhibition but Mike Jones and Craig Maer lost in doubles Thursday.

Belleville Batters Prather Club 19-8

Belleville's freshmen scored 12 runs in the third inning and defeated Prather 19-8 in baseball Thursday at Belleville. The young Maroons pounded out 12 hits, five of them for extra bases.

The Chiefs used three pitchers, Dan Jenkins, Ron Laws and Don Rains, in an attempt to stop the onslaught. They gave up nine walks and were hurt by five errors in the five-inning game.

Dennis Withers, Dennis Mitchell and Laws all had two hits each for Prather. Jenkins doubled in two runs in the first inning and other run-scoring hits were by Barry Lloyd, Rains and Laws. Bob Wheatley and Jim Blystock walked to drive in runs and Withers had a sacrifice fly.

Ten of Belleville's 19 runs were earned. Prather now has a 2-3 record.

Errors Lead Slops To Three Defeats

Errors by Granite City sophomores gave opponents 17 unearned runs in four baseball games last week. The young Warriors lost to Edwardsville 11-2 Thursday, edged Wood River 8-7 Friday and then dropped a doubleheader 5-1 and 3-1 Saturday at Belleville.

Terry Yates slammed three hits including two triples and Rich Paoli had two safeties in the Thursday game. Steve Lengyel was the standout against Wood River, pitching out of a jam in the fifth inning and firing three innings of no-hit ball.

Bob Alford pitched the entire first game against Belleville but was hurt by errors. In the night cap, the Warriors stranded 10 base runners.

The team, which has made 68 errors in 12 games, has a 5-7 record.

Jennifer Lignoul Ties Ozark AAU Jump Record

Jennifer Lignoul of Granite City finished second in the 100-yard dash, timed in .14.3, and third in high jump, 3-foot-10, in the Ozark AAU girls' track meet Saturday in East St. Louis.

Her high jump mark, tying the height posted by winner Jill Miller and runner-up Vicki Bendel, is a new Ozark 10-11 year-old record. Jennifer also ran on Edwardsville's second-place 220-yard relay team.

Soph Golefs Defeated

Alton's sophomore golfers defeated Granite City 187-211 in a match Friday at Rock Springs. Mike Davis' 47 was the low GCHS score.

Sophomores Carry GC to Fifth Place

Fine performances by sophomores carried the Granite City high school track team to a fifth place finish Saturday in the fourth annual Mattson Relays.

The Warriors scored 26 points, all but seven in the sophomore division. Champaign was the easy winner among the 15 A-class schools which included Granite City.

Bill Davis' victory in the sophomore 180-yard low hurdles represented the school's first running event victory in a major meet in three years, coach Jim Morrison said. Davis' time was 2:11 seconds.

Davis also anchored the 880-yard relay team which ran second. Other team members were Dave King, Ken Strong and Keith Gauen. Their time was 1:39.8.

Joe Pachea was second in the 400-yard run in 52.9.

Although out of the scoring, Dave Lomax was sixth in the 800 half-mile with a time of 2:17.8.

Varsity points were scored by Jerry Line's second-place shot put (50-foot-4 1/2) and fifth by Dwayne Bridges in pole vault (12-4) and the relay team of John and John Pomeroy, Pasher and Mike Barnhardt.

Line was runner-up despite a painfully swollen jaw caused by a wisdom tooth extraction. He and the other Warriors were rushed into action after the team's slow-moving bus arrived late.

Others who placed but were out of the scoring in varsity events were Leonard Revelle, sixth in the 100 (1:10.7), and the 230 (2:50.1), John Hagen, Jerry Lybarger, Vince Debeve and Revelle, sixth in the 880 relay (1:56.1), Jim Stephens, seventh in

the mile (4:48) and Gary Johnson, seventh in dicus (137.0).

The sophomores did not compete in Friday's Alton Invitational, successfully reserving their strength for the Mattson meet.

Coolidge Diamondmen Slug Edwardsville 7-5

Coolidge junior high's baseball team downed Edwardsville 7-5 Friday for its third victory in three games. Gary Ridenour pitched the distance for the victory.

Dave Snelson slammed a homer and double, Jeff Jones had two triples, Rich Fosseck three singles and Russell Borth a triple and double for the Braves.

I-C Games Postponed

All three games involving Quad-City baseball teams in the Southwest Inter-City League yesterday were postponed due to wet grounds. In the only contest played, Pocahontas edged Polk American War Veterans of East St. Louis 2-1.

SIDELIGHTS from SPRINGFIELD

By Sen. PAUL SIMON

Depending on your viewpoint, one of the most controversial measures before the legislature is called "Fair Housing" or "Forced Housing."

It is a measure which bans racial discrimination in housing.

The main proposal, House Bill 237, sponsored by Rep. Cecil P. Carter, contains a general ban on discrimination, with certain exceptions—by the burden of proof on the person who charges people have discriminated against him.

Because in individual sales of rentals discrimination would be almost impossible to prove, for all practical purposes the measure applies to sales in subdivisions and rentals in large apartment buildings.

A number of states have this and it seems to be working well, with no harm done to anyone.

Compromise Plan
A compromise proposal has been introduced in the Senate which has a much better chance of passage in the Senate, where it is now stalled. It is a bill to amend the home owner to discriminate, but has discrimination by the real estate salesman.

In other words, a Negro goes to a real estate salesman's office and asks to see a home. He is told the home just as the other customer, but if the home owner refuses to sell to him because he is a Negro, this would be perfectly legal.

It is often difficult for the person who does not have a dark skin to realize the problems Negroes face in purchasing or renting a home. There is a growing awareness among legislators that something must be done about it, although some disagreement as to what the right answer is.

Negroes, for all practical purposes, are limited to a market of

less than five per cent of the state. Often a Negro who wants to buy a home, there is no one in a neighborhood where he knows the day after it is built it is worth only \$20,000. No one wants to build a beautiful home in a deteriorating neighborhood, yet Negroes often are forced to live there.

Financial Safety Problems
The results of segregated housing patterns are deaths by fire, excessive rental and purchase costs, and a host of other problems which cost both in human and financial terms and in money.

In Chicago, for example, Negroes are forced to live mostly in the south side of the city. Most of the jobs which are available are on the north side. The result is that too often the job and jobs do not get together. This means costs in public aid and unemployment compensation.

In the large cities—Chicago and in many small cities—Negroes continue to live in ghettos. Sometimes unscrupulous real estate operators take advantage of this situation, and try to sell the white residents to sell the dealer turns around and sells to a Negro at an inflated price.

Some of the top men in the real estate field favor the housing discrimination bill as a protection to real estate values. If the law applies equally everywhere, then the sudden fleeing from a neighborhood stops. And, fellow citizens of darker hue get an opportunity to buy or rent a home out of us take for granted.

Congratulations From Collinsville

C. E. Townsend, although not an old man, is a sort of distinguished senior citizen of the newspaper trade in this parts.

He has been acclaimed as Illinois Editor of the Year. He manages a highly-respected, obviously prosperous, twice-weekly publication, the Granite City Press-Record, which is a giant of the twice-weekly breed. Its advertising volume and intensive news coverage of its readership area are phenomenal.

It is a pity that he has not achieved his place of leadership the hard way, by taking around the world, but he has achieved it by the way he has done it.

His place has been the target of bullets. Few publishers can make that statement.

The strong staff and smooth working organization he has developed permit him to get out on the firing line of community progress. He not only writes about it, he does something about it. He is an innumerate.

committees for local, area and national organizations.

Of course, his biggest achievement is the H-State. A signpost of the H-State of the Board for a number of years, he has advanced through the vice-chairmanship and acting chairmanship to the chairmanship.

He has been an articulate and effective spokesman for the Agency, which by assuming the task of keeping buses running has incurred some public criticism. We congratulate him on his election to the chairmanship.

The man who expresses his opinions about how things ought to be, is a man who is in a position that the fellow who only stands on the sidelines and tells how "they" ought to do it. Accepting public office shows he is willing to accept responsibility and criticism as well as dish it out.

We admire "Corky" for that. Mr. Townsend's recognition as Master Editor by the Southern Illinois Editorial Association was another evidence of the esteem with which he is regarded in his profession. (Collinsville Herald)

NEED SCHOOL GUARD AT WEST PONTON CROSSING

To the Editor:

I have been wanting to write a letter for a long time concerning the West Ponton road railroad crossing. I am sure there are other people living in this vicinity who would like to see something done about this crossing before someone is killed.

There are many times the gates are down, but there isn't a train. So what do you do? You do as everyone else does, and goes around the gates.

If you don't go around the gates you might sit there for thirty minutes. I have seen a policeman stand out in the middle to direct traffic around a few times.

It is also unsafe for the small children who cross to go to school. I think we need a school guard during school hours at the tracks.

I don't mean that we need a man there for a long time, but of at Ponton and Nameoki roads. I think we need a man at both places.

CHILDREN SHOULD LEARN THEIR MANNERS AT HOME

To the Editor:

This is in regard to a letter in your March 29 edition about the removal of John Birdsong from the park board.

I don't know why he is to be removed but it seems there ought to be better reasons for keeping him than the letter stated.

They say he should be kept on because "he teaches the children

manner," and the fundamentals required to be good sensible and responsible citizens of our community."

Three cheers for Mr. Birdsong for trying to teach these things. But I for one would be very disappointed in myself as a mother if I had to send my four sons to a stranger to be taught the basic fundamentals of life.

Should be taught at home in their everyday living not just in a day a week by someone else.

I sincerely believe these things that cannot be taught on a park board, I also believe that if these things are not taught at home, they are not truly taught at all.

I believe if anyone is sending their children to Mr. Birdsong to learn what they say he teaches them, they should keep their children at home and teach them themselves.

I am not saying they have not taught their children these things. I am just saying that if they have, they should not let the park district do it for them.

K. C.'s Set Communion Breakfast for May 2

Tri-City Knights of Columbus Council 1988 will hold a corporate communion and breakfast for members and their wives at the 8 a.m. Mass at St. Mark's Church, Venice, on May 2. It was planned at a regular meeting Thursday night. The breakfast will be served in the parish dining room.

During the meeting, members approved the council's annual \$100 contribution to the Shrine of Our Lady of the Snows near Belleville. The council also donated \$10 to the Sacred Heart Inter-City League baseball team. Plans were reviewed for the May Day parade and service at 7 p.m. May 2 and the county chapter sponsoring one at 8 p.m. April 30, both at Collinsville.

Donald Stanton, blood bank chairman, reported that his books were balanced and at this time no blood is due to various hospitals. He urged new members, however, to make themselves available as donors when the need arises.

It was announced that Albert Sanders, grand knight, and James Worthen, past grand knight, will attend the annual state convention as delegates May 14-16 at Peoria. Sanders and Robert McCormick, past grand knight, represented the council at a downstate K. of C. barbecue Sunday at Springfield.

Remarks were presented by Rev. Michael Skordinsky, chaplain, on the importance of the month of May as the month of Mary, the mother of Jesus, and he urged members to continue to pray for the conversion of Russia in accordance with the Fatima plea.

Refreshments were served after the meeting.

Annual ISU Dinner Reservations Open

Reservations still may be made for the annual spring dinner meeting of the Madison County ISU club at Sunset Hill Holiday Inn Wednesday, scheduled for 6:30 p.m. The affair is open to anyone interested in Illinois State University, including alumni, former students, friends and parents of students from this area now attending ISU.

Miss Allene Spenal, 1210 Emerson street, Edwardsville, is accepting reservations. Donald S. Schroeder, assistant director of admissions at ISU, is to be the featured speaker. His talk, entitled "Our Changing University," will cover various phases of campus development with emphasis on changes which are being made to meet the demands of present day education.

Schroeder joined the ISU faculty in 1962 having received both bachelor's and master's degrees at the university in Normal.

Work Begins at Scout Camp for 1965 Season

Preparation of the Sunken Scout Reservation near Potosi, Mo., for 1965 camping started last weekend and will continue on April 30 and May 7, 14 and 21. Volunteer scouts will provide the manpower.

Camp leader training was conducted last week at Camp Graham, and weekend camping at Sunken will start April 30. The six-week regular camping season is scheduled for June 27 Aug. 7 with Edwin Meffe, Quad City district executive as camp director and Charles Houtson as program director. A conservation and aquatic camp will be held at Sunken Aug. 8-13.

Youth Fined \$40, Costs

Terry Greshhouse, 17, of 1918 Benton street, was fined \$20 plus \$5 costs on each charge of fighting and creating a disturbance by Magistrate Merlin Hiscott on Thursday. He was arrested with three other youths on April 10 following a fight at 19th street and Edison avenue in which one required hospital emergency treatment.

Important Issues Before City Council Tonight

Backs from Drive, Hit

The left rear of an auto driven by Joseph B. Kent, 2601 Hodges avenue, was damaged as he was backing from a drive at 2141 Madison avenue on Thursday. It was struck by a southbound car driven by Alice M. Trol, 2041 Quincy street, which had damage to the right front.

The overall increase would be \$30-a-month for the mayor, and a \$40 monthly pay boost for the city treasurer also was proposed last week. E. R. Rich now receives \$8600-a-year, of which \$3600 is for the treasury post and \$5000-a-year for serving as township tax collector.

If increases are to be given, they must be approved before Mayor-elect Partney and incumbent treasurer Rich take office on May 1. An elected official's salary cannot be altered during a term of office.

The resolution for the Nameoki road project is to give the state highway department authorization for a quick-track procedure to acquire the 20 tracts needed for right-of-way. If the city took the condemnations to court, the process would take about a year and the state would not call for bids during that time.

Partney said he was advised of the procedure when he telephoned Robert Kronst, district highway engineer, in St. Louis. City Atty. George Filloff Jr. is preparing the resolution for presentation to the council this evening.

Bids May 17 on Construction of Parkview School

Plans and specifications for construction of Parkview grade school on Mayville road south of Stratford lane are available at the office of Architect Virgil H. Dulgeroff, the Granite City Clerk A. L. Stevens, Adjunct Architect tomorrow. Bid opening will be at 5:30 p.m. Monday, May 17, at the school office.

Separate bidding is stated on general construction, heating-ventilating work, plumbing and electrical work. However, combined bids on plumbing and heating-ventilating work may be submitted.

A committee report and a business session are scheduled for the next school board meeting at 7:30 p.m. Wednesday. The committee reporting will be the National Defense Education Act study group headed by Dale Rea, Emerson grade school principal.

Business on the agenda includes action on administrative personnel, investment of the former downtown post office which was acquired by the school district, additional recommendations on athletic department assignments and a resolution on Title Five of the national defense education law.

Also listed are hiring and resignations of teachers, publication of an annual report, closed-circuit television for the high school graduation, the state school building fire safety course of school facilities by the Granite City park district, the summer meeting schedule of the board, dates of scheduled activities, industrial education visitation by the state and the latest situation of school operation and maintenance funds under Public Law 874.

To improve the financial condition of the system which would result in savings of \$960,000.

Smith said the system should seek an exemption from the Missouri state motor fuel tax which would save \$280,000 a year. The system is exempted from the tax in Illinois, he added.

Service cars, a form of jitney, are robbing Bi-State of \$500,000 in revenue in St. Louis and should be eliminated, he said.

It is possible to receive a federal tax grant, but matching funds from the state, city, county or other sources would be required, and so far no effort is being made to obtain matching funds to qualify from federal funds, he added.

Smith said his firm is proposing to permit Granite City riders to continue their present usage at the same fare. He also noted that all east side lines are operating at a loss, and if it was not for west side business "you would not have the service you have today."

Among the audience were four businessmen and three aldermen, including Mayor-elect Donald Partney, Walter Nunn and Paul Rutledge. Among Bi-State representatives were C. E. Townsend, agency chairman, and Col. R. E. Snyder, executive director.

have formed some opinion with respect to the various press releases which were derogatory to our administration and unfortunately appeared, in some of the instances, to have the approval of the press because the press did not comment to the contrary by inserting the usual editorial footnote at the bottom of the article.

"Of course, I appreciate the fact that this type of reporting or the possible maligning of one's character or repute through innuendos, etc., have a tendency to sell newspapers and I would probably feel the same way if I owned a newspaper. However, in my humble opinion, the fourth estate, or the press in this instance, has a great responsibility to its readers and to the general public, and especially more so since there is no other local newspaper where one might voice an opposition.

"What I am trying to say is that, judging from the contents of some of the letters, wherein it was constantly dwelled upon, one would derive the idea that the citizens are kept out of our city council meetings and no one attends because they are afraid. The press knows better than anyone else that it is a malicious lie, because their reporter has attended every city council meeting ever since I have been the mayor, or for the past 23 years, and the press knows full well that the general public is always welcomed.

Distortions Not Corrected
"The press in attending any meeting becomes not only a reporting media but also a member of the general public, and rightfully so. Since the press did not attempt to correct some of the facts that were distorted, I am wondering if there may be some fault in their method of reporting. Possibly they should examine their system of reporting to be more fair to all concerned.

"I know that most of the reporters are fine and dedicated chaps of journalism but they in the main do not use shorthand in taking down the proceedings of any meeting and consequently can, since they are only human, miss out at times on some pertinent facts of the meeting.

"In order to eliminate this I have followed a practice for many, many years to meet with them after the meeting has been adjourned and explain to them anything that needed clarification.

"Ten Mightier Than Sword"
"All in all I feel, personally, and I say this without any malice towards anyone, the press should correct if possible by ferreling out the truth in all instances when reporting in The Forum or in a news item, because the press is endowed with the most powerful implement that God can put into human hands — which brought about that aged axiom, 'The pen is mightier than the sword.' In the wrong hands it could conquer the universe, let alone a small community like the city of Madison, Ill.

"In closing I want to again thank our many friends and citizens of the city of Madison for their overwhelming vote of confidence and to assure them as I have done many times in the past that they will never have any regrets because their confidence in us will never, never be betrayed.

"To those who could not see eye-to-eye with our administration, we respectfully solicit their sincere help and cooperation in our efforts to make our community a better place in which to live for all mankind."

Arrangements of white and pink flowers, grocery and candlelight formed the setting Saturday at First United Presbyterian Church, 22nd street and Delmar avenue, for the evening wedding of Miss Duane Lee Earnhardt, a daughter of Mr. and Mrs. Daniel G. Earnhardt, 2436 Delmar avenue, and James Royce Atkins, a son of Mr. Thomas H. Atkins, 270 Madison avenue, and the late Mr. Atkins.

Lighted candles in candleabra and at alternate pews down the aisle lighted the sanctuary for the 7:30 ceremony performed by Rev. Dr. David B. Maxton.

Kenneth MacCletley presided at the organ and accompanied the vocalist, Miss Connie O'Guin, as she sang "Became" and the Lord's Prayer, continuing with the Lohengrin wedding march.

The bride was lovely in a gown of white peau de soie designed and made by her mother. It was fashioned with a scoop neckline and long sleeves. The bodice was embellished with res-embled motifs of lace, pearls and crystals, as was the front of the softly pleated, controlled skirt and the detachable chapel train accented with a bow at the waistline in the back. A crown of lace and pearls held in place the bride's veil of silk illusion and she carried a cascade bouquet of white cocktail orchids, stephanotis and ivy. Mr. Earnhardt gave his daughter in marriage.

Miss Jo Anne Pasick was maid of honor, serving with three bridesmaids, Miss Lann Earnhardt, a sister of the bride, Miss Myrna Bischoff and Miss Carolyn Stucke, and little Jennifer Jill Vaughn, flower girl. They were dressed alike in gowns featuring empire waists, lines. The brides were of pink organza over pink taffeta and the floor-length skirts were accented with white. They wore pink flowered headpieces and carried bouquets of pink Marguerite daisies. The flower girl, in her dress a copy of those of the older girls, carried a basket of pink balls.

The bride's mother chose a two-piece dress of blue silk, a blue flowered hat and navy blue accessories while the bridegroom's mother appeared in a pink silk dress, a pink hat and white cymbolum MacCletley.

Richard Atkins was his brother's best man, and Donald Crawford, Michael Jesse, Gary Lewis, Glenn Warfield and Blake Finch made up the corps of groomsmen and ushers.

A reception was held in the church fellowship hall after the service and the newlyweds left later for a honeymoon in Springfield, Ill.

The former Miss Earnhardt was graduated from Granite City high school and Miss Hickey's Secretarial School in St. Louis. She is employed in the office of the Tri-Cities Chamber of Commerce. Mr. Atkins was graduated from Eisenhower high school in Rialto, Calif., and attended Southwest Illinois University, Alton campus. He is an employee of Atkins Hardwood Floors.

E. Lueders, Mrs. Lawrence McCauley, Mrs. George Coolidge and Mrs. A. E. Krumm.

The program on "Education in St. Louis" was given by Miss Beatrice Cooley, who discussed the origin of private and public schools, and St. Louis and Washington Universities. The speaker also noted that St. Louis was the first city in the U. S. to have a co-educational high school.
